

INLAND OVERSIGHT COMMITTEE (IOC)

Membership Application

I am tired of government bodies and officials and the persons who conduct business with them not complying with the law--from the U.S. Constitution down to local rules and regulations, and everything in between--and equally tired of them wasting taxpayer resources and circumventing voter approval. I worry about this not only where I live and work but also throughout the state and even throughout the country, and I desire to learn more about it from IOC.

I want IOC to pursue appropriate corrective measures for such non-compliance whenever the Board of Directors deems it possible and appropriate to do so. I like the idea of IOC serving as a "watchdog" to ensure that unethical and illegal conduct by government and those doing business with government is exposed and that appropriate remedies are pursued.

I understand that my membership in IOC will assist it in advocating for and pursuing my interests as described above but does not entitle me to vote for any member of the Board of Directors or to compel IOC to pursue any particular policy, action, corrective measure, or remedy. I further understand that my sole recourse in the event of disagreement with IOC is to cancel my membership, which I may do at any time simply by notifying IOC in writing.

With this in mind, I ask that you consider my application for IOC membership. My personal information is as follows:
